

TPE Hunting Permit Application

(rev. 08/08)

Before filling out the application, review the TPE webpage that shows what sites are open to hunting, what species may be hunted on the site and when, and if a permit is required for the species in question.

Group hunting is allowed (see webpage for maximum party size allowed for a given property). Only one application per group is needed.

Each site, subunit, and species requires a separate application form. Separate forms are required for deer-bow and deer-gun requests.

**** All information must be provided before the application will be processed ****
